

ENILABS – *Your Single Source for Service, Repair and Calibration of Test Equipment*

ENILABS is not just any electronics calibration and repair company. With its highly-experienced, in-house electronics staff, state-of-the-art test equipment, extensive stock of replacement parts, we can get you back up and running in a fraction of the time it would take to source and replace specialized equipment and at a fraction of the price – often as little as 40% of the cost of replacement.

ENILABS possesses a large scope of accreditation covering physical, dimensional, and electronic disciplines. Our capabilities to verify/calibrate your equipment also goes far beyond what is listed on our scope. Many of our customers have found that our broad array of capabilities has allowed them to dramatically reduce their vendor list.

In today's demanding workplace, you rely on your test equipment to be dependable, long-lasting and efficient. Any down-time due to equipment costs you time and money. When this equipment requires adjustment or fails, completely replacing expensive equipment is simply not an option. You can depend on **ENILABS** for all your electrical and electronic calibration and repairs.

Together, we can develop a practical, accountable, and cost-effective system for calibration and measurement assurance to meet any needs. We can build a service program that addresses your needs and timelines, in-house or on-site. We offer an industry leading turnaround of just seven to ten days. We also offer rush service when time is critical and your equipment requires immediate attention.

ENILABS strives to provide the most accurate calibrations and responsive customer service. How much does this kind of expertise and customer-centric service cost? We are confident that our aggressive standard pricing will bring your company real savings on all your calibration and repair service needs.

Our Capabilities:

- Broad A2LA scope of accreditation
- State-of-the-Art Testing Equipment
- On-site Calibration
- Local Pickup & Delivery Available
- Complete repair service available
- Customer service is our PRIORITY!
- Measurement of reference standards

We Service, Repair, and Calibrate

Analog Meters	H V Meters	Oscilloscopes	Signal Analyzers
Attenuators	Hi-Pots	Power Meters	Signal Generators
Capacitors	Inductors	Power Sensors	Spectrum Analyzers
Chambers/Ovens	Infrared Guns	Precision power supplies	Sweep Generators
Clamp Meters	LCR Meters	Pressure Gauges	Synthesized Generators
Conductivity	LCZ Meters	Process Calibrators	Tachometers
Counters/Timers	Meg. Checks	Pulse Generators	Temperature Controllers
Current Sources	Microscopes	Recording Meters	Thermometers
Decade Boxes	Multimeters	Resistors	Vision Systems
Directional Couplers	Network Analyzers	RTD Simulators	Voltage Sources
Frequency Counters	Ohm Meters	S-Parameter Test Sets	
Function Generators	Optical Comparators		

Just a Few of the Many Brands We Service:

- Advantest
- Anritsu
- B&K Precision
- Boonton
- Bruel & Kjaer
- Copper Mountain
- Datron
- Exact
- Fluke
- FR / Marconi
- Giga-tronics
- Global
- Guildline
- HP / Agilent / Keysight
- IEC
- IFR
- Kay
- Keithley
- Krohn-Hite
- Leader
- Marconi
- MTS
- Narda
- National Instruments
- PCB
- Philips
- Rohde & Schwartz
- Scientific-Atlanta
- Spectral Dynamics
- Stanford Research
- Tektronix
- Trig-Tech
- Wavetek
- Weinschel
- Werlatone
- Wiltron

Customer Service

ENILABS is committed 100% to offering our customers the best service available in the market today. We give our customers fast estimates and offer speedy turn-around times. **ENILABS** stands behind all our work and provides a one-year warranty on all parts and services.

With our state-of-the-art testing equipment, ability to power up and test most electrical and electronic assets, ability to source hard-to-find parts both for replacement and for components to fix older equipment and our highly functional repair tracking from receiving to shipping – you can be assured your repair will be handled with the utmost professionalism and attention.

Repair Warranty Policy:

- One-year warranty on all parts and service
- One-year warranty on shelf life or upon install
- Covers parts and labor on each repaired unit
- Extended Warranties available

Accreditation

A2LA's accreditation of a laboratory's compliance with ISO 17025:2005 is the highest level of quality attainable by a testing laboratory. Dedicated to formally recognizing competent testing and calibration laboratories, A2LA is one of the most stringent accrediting body in the industry.

Our Commitment

As a leader in our industry, **ENILABS** can perform a range of calibration services including temperature, humidity, electronic, and frequency calibration services. We also offer these services on-site.

ENILABS offers online access to all customer certifications and data.

At **ENILABS** we strive to offer not only the best service but the fastest turnaround times possible and prices that cannot be matched.

With our dedicated and experienced technicians and state-of-the-art calibration equipment you can rely on **ENILABS**.
